

The House of Linens, Bermuda - Baby Linens

Heirloom quality for generations to come. **New Lower Prices**

All of the following baby dresses, rompers, christening gowns, booties, bonnets and bibs, are made in Belgium with handmade Battenburg lace. They use very fine Swiss cotton for the dresses/gowns and the attached petticoats. The petticoats are also trimmed in Battenburg lace. Two buttons fasten the dresses at the back, and satin ribbons and bows adorn all of them.
